CHAPTER 3 CAMPAIGN FINANCE TRANSPARENCY

SECTION 2. That Chapter 3, Title 74, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW PART, to be known and designated as Part 1, Chapter 3, Title 74, Idaho Code, and to read as follows:

PART 1 PROVISIONS OF GENERAL APPLICATION

74-3-101. PURPOSE OF CHAPTER. The purpose of this chapter is:
 (1) To promote openness and public confidence in government; and
 (2) To promote transparency by those giving financial support to election campaigns and to persons advocating for or against candidates or ballot measures.

74-3-102. DEFINITIONS. As used in this chapter, the following terms have the following meanings:

(1) "Candidate" means an individual who seeks nomination, election, or reelection to public office in Idaho and includes individuals seeking statewide, judicial, legislative, or local government office. For the purposes of this chapter, "candidate" does not include individuals seeking nomination, election, or reelection to federal office or the office of precinct committeeman.

(2) "Contribution" includes any advance, conveyance, forgiveness of indebtedness, deposit, distribution, loan, gift, pledge, subscription, or transfer of money or anything of value, any contract, agreement, and promise or other obligation, whether or not legally enforceable, and any payment,

whether by cash, check, or electronic transfer, to make a contribution in support of or in opposition to any candidate, political action committee, or measure. Such term also includes personal funds or other property of a candidate or members of his household expended or transferred to cover expenditures incurred in support of such candidate but does not include personal funds used to pay the candidate filing fee. Such term also includes the rendering of personal and professional services for less than full consideration but does not include ordinary home hospitality or the rendering of part-time services of the sort commonly performed by volunteer campaign workers or advisors or incidental expenses not in excess of twenty-five dollars (\$25.00) personally paid for by any volunteer campaign worker. "Part-time services," for the purposes of this definition, means services in addition to regular full-time employment, or, in the case of an unemployed person or persons engaged in part-time employment, services rendered without compensation or reimbursement of expenses from any source other than the candidate or political action committee for whom such services are rendered. For the purposes of this chapter, contributions other than money or its equivalent shall be deemed to have a monetary value equivalent to the fair market value of the contribution.

(3) "Earmark" or "earmarked" means a designation, instruction, or encumbrance, whether directly or indirectly, express or implied, oral or written, that results in all or any part of a contribution being used to make a contribution, independent expenditure, electioneering communication, or measure expenditure. A donor's authorization for a commercial payment processor, whose usual and normal business is to process payments, to transmit funds from the donor to a nonprofit corporation, association, or other organization in the commercial payment processor's ordinary course of business does not in itself constitute an earmark.

(4) "Election" means any state or local general, special, recall, or primary election.

(5) "Election campaign" means any campaign in support of or in opposition to a candidate for election to public office and any campaign in support of or in opposition to a measure.

(6) (a) "Electioneering communication" means any paid public communication that:

(i) Unambiguously refers to any candidate;

(ii) Is broadcast, printed, mailed, delivered, made, distributed, or disseminated to a recipient by telephone, in a digital format online, or by other electronic means during the thirty (30) day period before a primary election or the sixty (60) day period before a general election; and

(iii) Is directed to an audience that includes members of the electorate for the candidate's public office.

(b) An electioneering communication does not include:

(i) Any news articles, editorial endorsements, opinion or commentary, writings, or letters to the editor printed in a newspaper, magazine, or other periodical not owned or controlled by a candidate, political action committee, or political party;

(ii) Media appearances by a candidate on television, radio shows, podcasts, or any other type of digital media not owned or con-

trolled by a candidate, political action committee, or political party;

(iii) Any editorial endorsements or opinions aired by a broadcast facility not owned or controlled by a candidate, political action committee, or political party;

(iv) Any communication by persons made in the regular course and scope of their business or any communication made by a membership organization solely to members of such organization and their families;

(v) Any communication that refers to any candidate only as part of the popular name of a bill or statute; or

(vi) A communication that constitutes an expenditure by a candidate or political action committee or an independent expenditure that is otherwise reported under this chapter.

(7) "Employee" means an individual who performs a service for wages or other compensation from which the individual's employer withholds federal employment taxes under a contract for hire, written or oral.

(8) "Expenditure" includes any payment, contribution, subscription, distribution, loan, advance, deposit, or gift of money or anything of value and includes a contract, promise, or agreement, whether or not legally enforceable, to make an expenditure. The term "expenditure" also includes a promise to pay, a payment or a transfer of anything of value in exchange for goods, services, property, facilities, or anything of value for the purpose of assisting, benefiting, or honoring any public official or candidate, or assisting in furthering or opposing any election campaign. For the purpose of determining when an expenditure report should be filed under this chapter, an expenditure is made on the day that the communication paid for with the expenditure is publicly distributed or otherwise viewed by the public or on the date payment is made, whichever is earlier.

(9) (a) "Independent expenditure" means any expenditure by a person for a communication expressly advocating the election or defeat of a clearly identified candidate that is not made in coordination with the candidate.

(b) As used in this subsection, "expressly advocating" means any communication containing a message advocating the election or defeat of a candidate by using the name of the candidate and using phrases including but not limited to "vote for," "elect," "support," "cast your ballot for," "vote against," "defeat," or "reject."

(c) For the purpose of determining whether an expenditure is made in coordination with a candidate or political action committee, the term "coordination" means and includes but is not limited to an expenditure made with the cooperation of, with the prior consent or knowledge of, in consultation with, or at the request or suggestion of, or using nonpublic information obtained from, a candidate or the candidate's agent or paid or unpaid staff or volunteer, a person acting on behalf of a candidate, or a person acting as a conduit for messages to or from a candidate's campaign.

(10) "Indirectly" means making a contribution or payment to a person with a designation, instruction, or encumbrance, whether direct or indirect, express or implied, oral or written, or involving intermediaries or

1 conduits, that results in all or any part of the contribution or payment
 2 being used to make a contribution to any candidate, political action com-
 3 mittee, or measure or to make electioneering communications or independent
 4 expenditures.

5 (11) "Local government office" means any publicly elected office for
 6 any political subdivision of the state or special district that is not a leg-

8 (12) "Measure" means any proposal submitted to the people for their ap-
 9 proval or rejection at a statewide or local election, including any initia-
 10 tive, referendum, recall election, or revision of or amendment to the state
 11 constitution. An initiative or referendum proposal shall be deemed a mea-
 12 sure when the attorney general, county prosecutor, or city attorney, as ap-
 13 propriate, reviews it and gives it a ballot title. A recall shall be deemed
 14 a measure upon approval of the recall petition as to form pursuant to section
 15 34-1704, Idaho Code.

16 (13) (a) "Measure expenditure" means any expenditure by a person for a
 17 communication expressly advocating the passage or defeat of a clearly
 18 identified measure.

19 (b) As used in this subsection, "expressly advocating" means any com-
 20 munication containing a message advocating the passage or defeat of a
 21 measure by using the name of the measure and using phrases including
 22 but not limited to "vote for," "support," "cast your ballot for," "vote
 23 against," "defeat," or "reject."

24 (14) "Person" means an individual, corporation, association, firm,
 25 partnership, committee, political party, club, or other organization or
 26 group of persons.

27 (15) "Political action committee" means:

28 (a) Any person specifically designated to support or oppose any candi-
 29 date or measure; or

30 (b) Any person who receives contributions and makes expenditures in an
 31 amount exceeding one thousand dollars (\$1,000) in any calendar year for
 32 the purpose of supporting or opposing one (1) or more candidates or mea-

34 (16) "Political treasurer" means an individual appointed by a candidate
 35 as provided in section 74-3-202, Idaho Code, or by a political action commit-

37 (17) "Public office" means any local, legislative, judicial, or state
 38 office or position that is filled by election but does not include the office
 39 of precinct committeeman.

(3) A violation of the provisions of this section shall be prosecuted and punished as provided in part 5 of this chapter. However, any person who knowingly and willfully violates the provisions of this section is guilty of a felony when:

(a) The aggregate amount of contributions, independent expenditures, or cost of electioneering communications made in violation of this section exceeds one thousand dollars (\$1,000) in a consecutive twelve (12) month period; or

(b) The person pleads guilty to or is found guilty of a knowing and willful violation of the provisions of this section for a second time within ten (10) years, notwithstanding the form of the judgment or withheld judgment.

(4) If any provision of this section or its application to any person or circumstance is held invalid, the remainder of the section or the application of the provision to other persons or circumstances is not affected.

74-3-104. COMMERCIAL RECORDKEEPING. Each newspaper, periodical, broadcasting station, direct mailing company, printer, and advertising agency shall keep a current record of any and all obligations incurred by a candidate or political action committee and payments made by a candidate or political action committee. (2) (a) To ensure the proper reporting and identification of the source of expenditures, any public communication made that is reportable as an expenditure under this chapter shall clearly state: "Paid for by [the official name of the candidate, political action committee, or filing entity]" and shall further state the filing entity identification number, if available, as registered or reported with the secretary of state.

(b) The provisions of this subsection shall not apply to campaign materials that are being reused by any candidate who has run for public of-

1 fice prior to 2026, as long as the person responsible for such communi-

3 (c) Failure to comply with the provisions of this section shall result
 4 in a civil fine payable to the secretary of state in the amount of fifty
 5 dollars (\$50.00) plus five percent (5%) of the monetary value of the ex-

47 cumbrances of less than twenty-five dollars (\$25.00) each without show-
48 ing the exact amount of or requiring evidence of each such expenditure
49 or encumbrance. Anything of value, other than money, paid for or con-

1 tributed by any person shall be listed both as an expenditure and as a
2 contribution.

3 (2) Regular reports required by this section shall be filed pursuant to
4 this subsection.

5 (a) In the year in which the candidate's election is to take place, re-

7 month following the month being reported. Additional reports shall be
8 filed:

9 (i) Three (3) days before the primary election, covering the pe-

11 (7) days before the primary election; and

12 (ii) Three (3) days before the general election, covering the pe-
13 riod from the close of the most recent monthly report through seven
14 (7) days before the general election.

15 (b) In any nonelection year for the candidate, reports shall be filed
16 on a quarterly basis and shall be due on or before the tenth day of the
17 month immediately following the close of the quarter, on April 10, July
18 10, October 10, and January 10.

19 (3) The political treasurer for a candidate for a judicial office or a
20 local government office is exempt from filing reports under this chapter un-
21 less and until such time as the candidate receives contributions or expends
22 funds in the amount of five hundred dollars (\$500) or more. Within seven (7)
23 calendar days of the five-hundred-dollar (\$500) threshold being met, the po-
24 litical treasurer for the candidate shall file a cumulative report covering
25 the period from the first contribution or expenditure to the current date and
26 shall file all subsequent reports on a regular basis according to the provi-

28 expended.

29 (4) In addition to the reports required pursuant to subsections (2) and
30 (3) of this section, the political treasurer for a candidate shall report
31 to the secretary of state any contribution received of one thousand dollars
32 (\$1,000) or more within forty-eight (48) hours after the receipt of such con-
33 tribution. Such a report shall include the name of the candidate, the iden-
34 tification of the contributor, and the date of receipt and amount of the con-
35 tribution.

36 (5) All reports required pursuant to this section shall be filed online
37 with the secretary of state by no later than midnight on the date the filing
38 is due.

39 (6) If no contribution is received or expenditure made by or on behalf
40 of a candidate during a monthly reporting period, the political treasurer
41 for the candidate shall file with the secretary of state a report to that ef-
42 fect by the tenth day of the following month.

43 (7) Reports required to be filed under the provisions of this section
44 shall be filed until the account no longer shows any unexpended balance of
45 contributions or expenditure deficit. Once an account no longer shows a pos-
46 itive balance or debt, the candidate may notify the secretary of state's of-
47 fice that the account may be closed. If the account has shown no positive
48 balance or debt for a period of two (2) years and the candidate has not re-
49 quested account closure, the secretary of state may administratively close
50 the candidate's account following thirty (30) days' notice to the candidate.

1 (8) Candidates for federal office are not required to file contribution
2 and expenditure reports with the state under this section. A federal can-
3 didate's authorized committee may make contributions to candidates in Idaho
4 without filing reports under this subsection if the authorized committee is
5 in compliance with federal election commission reporting requirements. Any
6 contributions received pursuant to this section shall be reported using the
7 official name of the candidate's authorized committee and the identifica-

12 limited to no more than one thousand five hundred dollars (\$1,500) for
13 the primary election and no more than one thousand five hundred dollars
14 (\$1,500) for the general election.

15 (b) Aggregate contributions for a primary election or a general elec-
16 tion by any person to a candidate for statewide office shall be limited
17 to no more than six thousand dollars (\$6,000) for the primary election
18 and no more than six thousand dollars (\$6,000) for the general election.
19 For purposes of this subsection, "statewide office" shall mean an of-
20 fice in state government that appears on the primary or general election
21 ballot throughout the state.

22 (2) The provisions of subsection (1) of this section shall not apply to
23 political party committees, including state, county, legislative district,
24 or regional central committees. Such committees are governed by the provi-
25 sions of section 74-3-402, Idaho Code.

26 (3) A candidate may not accept contributions for running in a general
27 election until the candidate has won his primary election.

28 (4) Candidates may allocate only those contributions received by the
29 time the polls close on election day to that election. Contributions re-
30 ceived after such time must be allocated by the candidate to a future elec-
31 tion.

32 (5) For purposes of contribution limits in this section, recall and
33 special elections shall be treated the same as general elections.

34 (6) Contributions other than money or its equivalent are deemed to have
35 a monetary value equivalent to the fair market value of the contribution.
36 Services or property or rights furnished at less than their fair market value
37 for the purpose of assisting any candidate or political action committee are
38 deemed a contribution. A contribution of this kind shall be reported as an
39 in-kind contribution at its fair market value and counts toward any applica-
40 ble contribution limit of the contributor. Contributions shall not include
41 the personal services of volunteers.

42 (7) For the purposes of contribution limits, the following provisions
43 apply:

44 (a) A contribution by a political action committee with funds that have
45 all been contributed by one (1) person who exercises exclusive control
46 over the distribution of the funds of the political action committee is
47 a contribution by the controlling person;

48 (b) All contributions made by a person or political action committee
49 whose contribution or expenditure activity is financed, maintained, or

controlled by a trade association, labor union, or collective bargaining organization shall be considered a contribution from such trade association, labor union, or collective bargaining organization; and

(c) Two (2) or more entities are treated as a single entity if the entities:

- (i) Share the majority of members on their board of directors;
- (ii) Share two (2) or more officers;
- (iii) Are owned or controlled by the same majority shareholder or shareholders or persons;
- (iv) Are in a parent-subsidiary relationship; or
- (v) Have bylaws so stating.

(8) The contribution limits provided for in this section shall not apply to a candidate contributing or loaning money to his own campaign account.

(9) A candidate for state legislative office may terminate his campaign account and transfer the balance of funds to a new campaign account if such candidate will campaign for a different state legislative office. Any contributions received in the candidate's closed account, combined with any contributions received in the candidate's new account, shall count against the contribution limits provided in this section when received from the same contributor for the same election date.

(10) The provisions of this section are hereby declared to be severable and if any provision of this section or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining portions of this section.

74-3-207. CANDIDATE COORDINATION PROHIBITED. (1) A candidate may not coordinate with another person to benefit from an independent expenditure, as defined in section 74-3-102, Idaho Code.

(2) If an expenditure is made in coordination with a candidate, it shall be considered a contribution in-kind to the candidate and shall be reported by the candidate and be included in the candidate's campaign contribution limits.

(3) An expenditure by a person that is not made in coordination with a candidate is not attributed to or reportable by a candidate and must be reported by the person making the independent expenditure pursuant to the provisions of section 74-3-404, Idaho Code.

(4) For the purpose of determining whether an expenditure is made in coordination with a candidate, the term "coordination" means and includes but is not limited to an expenditure made with the cooperation of, with the prior consent or knowledge of, in consultation with, at the request or suggestion of, or using nonpublic information obtained from a candidate or the candidate's agent or paid or unpaid staff or volunteer or any person acting as a conduit for messages to or from the candidate's campaign. Coordination is presumed if a candidate benefiting from an independent expenditure by a political action committee is also the treasurer or any other board member of that political action committee.

74-3-208. RETIRING DEBT. (1) If a candidate has unpaid debt at the end of the reporting periods specified in section 74-3-205, Idaho Code, then the candidate may accept additional contributions to retire such unpaid debt,

1 provided the contributions do not exceed the applicable contribution limits
2 prescribed in this chapter.

3 (2) For the purposes of this section, "unpaid debt" means any unpaid
4 monetary obligation incurred by the candidate as listed on the reports filed
5 through the postelection report period minus any cash balance reported on
6 the postelection report. Outstanding loans are considered a type of unpaid
7 debt.

8 74-3-209. USE OF CONTRIBUTED AMOUNTS FOR CERTAIN PURPOSES. (1) A con-
9 tribution accepted by a candidate may be used by the candidate:

10 (a) For expenditures in connection with the candidate's campaign for
11 public office;

12 (b) For ordinary and necessary expenses incurred in connection with du-
13 ties of the individual as a public officeholder;

14 (c) For donations to an organization described in 26 U.S.C. 170(c);

15 (d) For transfers, without limitation, to a national, state, or local
16 committee of a political party;

17 (e) For contributions to state and local candidates subject to the pro-
18 visions of state law; or

19 (f) For any other lawful purpose unless prohibited by subsection (2) of
20 this section.

21 (2) A contribution shall not be converted by any person to personal use.
22 For the purposes of this subsection, a contribution shall be considered to be
23 converted to personal use if the contribution is used to fulfill any commit-
24 ment, obligation, or expense of a person that would exist irrespective of the
25 candidate's election campaign or individual's duties as a holder of public
26 office, including:

27 (a) Mortgage, rent, or utility payments for a candidate's residence;

28 (b) Clothing, except for items of de minimis value used in a campaign;

29 (c) A noncampaign- or nonofficeholder-related automobile expense;

30 (d) A country club membership;

31 (e) A vacation or other noncampaign-related trip;

32 (f) A tuition payment;

33 (g) Admission to a sporting event, concert, theater, or other form of
34 entertainment not associated with the candidate's campaign;

35 (h) Dues, fees, and other payments to a health club or recreational fa-
36 cility, except for fees associated with a campaign fundraising event on
37 the premises;

38 (i) Funeral, cremation, or burial expenses, except if the death arises
39 out of or in the course of campaign activity;

40 (j) Investment expenses;

41 (k) Salary payments to a candidate's immediate family member, unless
42 the family member is providing bona fide services and paid at a fair mar-
43 ket value; and

44 (l) Food purchased for daily consumption inside the home or supplies
45 needed to maintain a household.

46 74-3-210. USE OF SYNTHETIC MEDIA. (1) This section shall be known and
47 may be cited as the "Freedom from AI-Rigged (FAIR) Elections Act."

48 (2) For purposes of this section:

1 (a) "Information content provider" means any person or entity that is
2 responsible, in whole or in part, for the creation or development of in-
3 formation provided through the internet or any other interactive com-
4 puter service.

5 (b) "Interactive computer service" means any information service, sys-
6 tem, or access software provider that provides or enables computer ac-
7 cess by multiple users to a computer server, including specifically a
8 service or system that provides access to the internet and such systems
9 operated or services offered by libraries or educational institutions.

10 (c) "Synthetic media" means an audio recording or a video recording of
11 an individual's speech or conduct that has been created through the use
12 of generative adversarial network techniques or other digital technol-
13 ogy in a manner to create a realistic but false audio or video that:

14 (i) Appears to a reasonable individual to be of a real event, ac-
15 tion, or speech that did not actually occur in reality; and

16 (ii) Provides a fundamentally different understanding or impres-
17 sion of the event, action, or speech than a reasonable person would
18 have from the unaltered, original version of the audio recording
19 or video recording.

20 (3) A candidate whose action or speech is deceptively represented
21 through the use of synthetic media in an electioneering communication, ex-
22 penditure by a candidate, or independent expenditure may seek injunctive or
23 other equitable relief prohibiting the publication of such synthetic media.

24 (4) A candidate whose action or speech is deceptively represented
25 through the use of synthetic media in an electioneering communication, ex-
26 penditure by a candidate, or independent expenditure may bring an action for
27 general damages, special damages, or both against the information content
28 provider. The court may award a prevailing party reasonable attorney's fees
29 and costs. The provisions of this subsection do not limit or preclude a
30 plaintiff from securing or recovering any other available remedy.

31 (5) It shall be an affirmative defense for any action brought pursuant
32 to this section that the electioneering communication, expenditure by a
33 candidate, or independent expenditure containing synthetic media includes
34 a disclosure stating, "This (video/audio) has been manipulated" in the fol-
35 lowing manner:

36 (a) If the media is a video, the text of the disclosure must be promi-
37 nently displayed and appear in a size easily readable by the average
38 viewer, and the disclosure must appear for the duration of the video; or

39 (b) If the media consists of audio only, the disclosure must be read in
40 a clearly spoken manner and in a pitch that can be easily heard by the
41 average listener at the beginning of the audio, at the end of the au-
42 dio, and, if the audio is greater than two (2) minutes in length, in-
43 terspersed within the audio at intervals of no more than two (2) minutes
44 each.

45 (6) In any action commenced pursuant to this section, the plaintiff
46 bears the burden of establishing the use of synthetic media by clear and
47 convincing evidence.

48 (7) Courts are encouraged to determine matters pursuant to this section
49 expediently.

(8) For an action brought pursuant to this section, the information content provider of the electioneering communication, expenditure by a candidate, or independent expenditure may be held liable and not the medium disseminating the electioneering communication, expenditure by a candidate, or independent expenditure except as provided in subsection (9) of this section.

(9) Except when a licensee, programmer, or operator of a federally licensed broadcasting station transmits an electioneering communication, expenditure by a candidate, or independent expenditure that is subject to 47 U.S.C. 315, a medium may be held liable in a cause of action brought pursuant to this section if:

(a) The medium removes any disclosure described in subsection (5) of this section from the electioneering communication, expenditure by a candidate, or independent expenditure it disseminates; or

(b) Subject to affirmative defenses described in this section, the medium changes the content of an electioneering communication, expenditure by a candidate, or independent expenditure such that it qualifies as synthetic media.

(10) No provider or user of an interactive computer service shall be treated as the publisher or speaker of any information provided by another information content provider. However, an interactive computer service may be held liable in accordance with subsection (9) of this section.

SECTION 4. That Chapter 3, Title 74, Idaho Code, be, and the same is hereby amended by the addition thereto of a NEW PART, to be known and designated as Part 3, Chapter 3, Title 74, Idaho Code, and to read as follows:

18 (3) A political action committee may remove its political treasurer.
19 In the case of the death, resignation, or removal of its political treasurer
20 before all obligations of a political treasurer under this chapter have been

22 treasurer and certify the name and address of the successor to the secretary
23 of state.

24 74-3-303. DUTIES OF POLITICAL TREASURER FOR POLITICAL ACTION COMMIT-

26 for the secretary of state for the political action committee.

27 (2) The political treasurer for each political action committee shall
28 maintain at least one (1) checking account with a financial institution. All
29 moneys received by the political action committee shall be deposited in such
30 account. The political treasurer shall keep detailed accounts of all con-

(2) (a) Any person who contributes to a political action committee shall accompany the contribution with a report of his full name and complete address.

(b) If a political treasurer is offered or receives contributions of more than one hundred dollars (\$100) in the aggregate from the same person during a calendar year, and there is no report of the full name and complete address of the person making the contribution, the contribution shall be returned to the contributor if his identity can be ascertained. If the contributor's identity cannot be ascertained, the contribution shall be transmitted immediately by the political treasurer to the secretary of state, who shall transmit it to the state controller for deposit in the general fund.

(3) Contributions shall not be obtained for a political action committee by use of coercion or physical force, by making a contribution a condition of employment or membership, or by using or threatening to use job discrimination or financial reprisals. 74-3-306. REPORTS OF CONTRIBUTIONS TO AND EXPENDITURES BY POLITICAL ACTION COMMITTEES. (1) The political treasurer for each political action committee shall file with the secretary of state a report each month of all contributions received and all expenditures and encumbrances made by or on behalf of the political action committee during the preceding month by no later than the tenth day of the following month.  17 for a period of one (1) year after the report has been filed. The re-

 19 cumbrances of less than twenty-five dollars (\$25.00) each without show-
 20 ing the exact amount of or requiring evidence of each such expenditure
 21 or encumbrance. Anything of value, other than money, paid for or con-
 22 tributed by any person shall be listed both as an expenditure and as a
 23 contribution.

24 (2) In any year in which an election is held for a candidate that a po-

 27 treasurer for such political action committee shall file additional reports
 28 pursuant to subsection (1) of this section as follows:

 49 secretary of state a report to that effect by the tenth day of the following
 50 month.

(6) Reports required to be filed under the provisions of this section shall be filed until the account no longer shows any unexpended balance of contributions or expenditure deficit. Once an account no longer shows a positive balance or debt, the political treasurer may notify the secretary of state's office that the account may be closed. If the account has shown no positive balance or debt for a period of two (2) years and the political treasurer has not requested account closure, the secretary of state may administratively close the political action committee's account following thirty (30) days' notice to the political action committee.

74-3-307. POLITICAL ACTION COMMITTEE COORDINATION. (1) A political action committee may not coordinate with a candidate to benefit that candidate with an independent expenditure, as defined in section 74-3-102, Idaho Code.

(2) If an expenditure is made in coordination with a candidate, it shall be considered a contribution in-kind to the candidate and shall be reported by the candidate and be included in the candidate's campaign contribution limits.

(3) For the purpose of determining whether an expenditure is made in coordination with a candidate, the term "coordination" means and includes but is not limited to an expenditure made with the cooperation of, with the prior consent or knowledge of, in consultation with, at the request or suggestion of, or by using nonpublic information obtained from a candidate or the candidate's agent or paid or unpaid staff or volunteer or any person acting as a conduit for messages to or from the candidate's campaign. Coordination shall be presumed if the political action committee's expenditure or independent expenditure benefits a candidate who is also the political action committee's treasurer or other board member.

 46 together with the amount, date, and purpose of each such expenditure,
 47 including the identity of the referenced candidate or measure, and
 48 whether the expenditure was made either in support of or in opposition
 49 to such candidate or measure; and

(b) The total sum of all independent expenditures made by the reporting political action committee since the first day of the preceding calendar year in support of or in opposition to any such candidate or measure.
