10 In applying these tables to any given separate attendance unit, no
11 school district shall receive less total money than it would receive if it
12 had a lesser average daily attendance in such separate attendance unit. In
13 applying the kindergarten table to a kindergarten program of fewer days
14 than a full school year, the support unit allowance shall be in ratio to the
15 number of days of a full school year. The attendance of students attending
16 an alternative school in a school district reporting fewer than one hundred
17 (100) secondary students in average daily attendance shall not be assigned
18 to the alternative table if the student is from a school district reporting
19 fewer than one hundred (100) secondary students in average daily attendance,
20 but shall instead be assigned to the secondary table of the school district
21 in which they are attending the alternative school, unless the alternative
22 school in question serves students from multiple districts reporting fewer
23 than one hundred (100) secondary students in average daily attendance. The
24 tables for exceptional education and alternative school support units shall
25 be applicable only for programs approved by the state department of educa-
26 tion following rules established by the state board of education. Moneys
27 generated from computation of support units for alternative schools shall be
28 utilized for alternative school programs. School district administrative
29 and facility costs may be included as part of the alternative school expen-
30 ditures.

31 (5) State Distribution Factor per Support Unit. Divide educational
32 support program distribution funds, after subtracting the amounts necessary
33 to pay the obligations specified in subsection (2) of this section, by the
34 total state support units to secure the state distribution factor per sup-
35 port unit.

36 (6) District Support Units. The number of support units for each school
37 district in the state shall be determined as follows:

38 (a) (i) Divide the actual average daily attendance, excluding stu-
39 dents approved for inclusion in the exceptional child educational
40 program for the administrative schools and each of the separate
41 schools and attendance units, by the appropriate divisor from the
42 tables of support units in this section, then add the quotients
43 to obtain the district's support units allowance for regular stu-
44 dents, kindergarten through grade 12 including alternative school
45 students. Calculations in application of this subsection shall be
46 carried out to the nearest hundredth.

(ii) Divide the combined totals of the average daily attendance of all preschool, kindergarten, elementary, secondary, juvenile detention center students and students with disabilities approved for inclusion in the exceptional child program of the district by the appropriate divisor from the table for computation of exceptional education support units to obtain the number of support units allowed for the district's approved exceptional child program. Calculations for this subsection shall be carried out to the nearest hundredth when more than one (1) unit is allowed.

(iii) The total number of support units of the district shall be the sum of the total support units for regular students, subparagraph (i) of this paragraph, and the support units allowance for the approved exceptional child program, subparagraph (ii) of this paragraph.

(b) Total District Allowance Educational Program. Multiply the district's total number of support units, carried out to the nearest hundredth, by the state distribution factor per support unit and to this product add the approved amount of programs of the district provided in subsection (2) of this section to secure the district's total allowance for the educational support program.

(c) District Share. The district's share of state apportionment is the amount of the total district allowance, paragraph (b) of this subsection.

(d) Adjustment of District Share. The contract salary of every noncertificated teacher shall be subtracted from the district's share as calculated from the provisions of paragraph (c) of this subsection.

(7) Property Tax Computation Ratio. In order to receive state funds pursuant to this section, a charter district shall utilize a school maintenance and operation property tax computation ratio for the purpose of calculating its maintenance and operation levy that is no greater than that which it utilized in tax year 1994, less four-tenths of one percent (.4%). As used herein, the term "property tax computation ratio" shall mean a ratio determined by dividing the district's certified property tax maintenance and operation budget by the actual or adjusted market value for assessment purposes as such values existed on December 31, 1993. Such maintenance and operation levy shall be based on the property tax computation ratio multiplied by the actual or adjusted market value for assessment purposes as such values existed on December 31 of the prior calendar year.

SECTION 18. That Section 33-3304, Idaho Code, be, and the same is hereby amended to read as follows:

33-3304. APPROPRIATION FOR THE DEPARTMENT OF EDUCATION AT IDAHO STATE UNIVERSITY. Fifty percent (50%) of all the moneys that now are in or which may hereafter accrue to the normal school income fund are hereby appropriated and set apart for the support and maintenance of the department of education at Idaho State University, the same to be available for such purpose immediately upon their being credited to the fund. Should the legislature, by adoption of a concurrent resolution in both houses, approve a memorandum of understanding negotiated by the Idaho department of parks and recreation between the city of Albion and other public or private agencies interested

1 in cooperative management of an Albion Normal School Field Institute within
2 an Albion State Normal School state park complex, the percentage share for
3 the department of education at Idaho State University shall be reduced from
4 fifty percent (50%) to forty-seven percent (47%). ~~In the event that the mem-~~
5 ~~orandum of understanding is not approved, section 33-3305, Idaho Code, shall~~
6 ~~apply.~~

7 SECTION 19. An emergency existing therefor, which emergency is hereby
8 declared to exist, this act shall be in full force and effect on and after
9 July 1, 2026.
